Battle Of The Atlantic is a DLC for Silent Hunter 5. Battle Of The Atlantic features the Lost Continent, a massive landmass in the Northern Pacific with an extensive coastline. Battle Of The Atlantic offers new gameplay elements and can be played online or against others in tournaments. The Lost Continent is home to several new creatures, including the Mermaid. Players will be able to play Battle Of The Atlantic online against other players. However, when playing online, local players must connect via Battle.net before they can play. Also the content is available to play offline by purchasing the DLC through the in-game store. You should uninstall the PC game before you attempt to play with an older version of the Silent Hunter 5 driver. Last night, the DNC filed a lawsuit against The Donald, claiming that the Republican presidential nominee threatened to disrupt the convention in retribution for the DNC's decision to block Sanders' speech. Now that Republicans are anointing themselves the party of women (and Latinos), it appears they are the party of creepy old white men. The Texas delegation, for example, is composed entirely of those 90+ years of age and older. In a preview of the convention, one of the first delegates to walk the stage was a 85-year-old man who was carrying a guitar. The full lawsuit can be
