Netflix Unveils New Toons With A 'Vagina' Called 'The Vagina' Netflix has finally found a way to monetize their original content. Unlike other streaming platforms, Netflix puts itself in the 'movies and TV' category. The company, as of right now, does not have an extensive list of original content for its users to binge on. But it seems like the company has made a step in the right direction. The release of an original animated series titled The Vagina Monologues has sparked the interest of audiences across the globe. The good news is that this new series is available on Netflix. And here are some of the high-lights of the new toon. The premiere of the show will kick-off at 12pm PST. Here is the official synopsis of the show: In a bizarre alternate reality where women come first, it's high time for the all-American guy to learn a thing or two. Because behind the patriarchal facade, it turns out some of those sexist old rules were actually made for guys! In "The Vagina Monologues" – the hilarious, animated take on one of the most important plays in the history of the theatre – he faces his biggest challenge yet: a room full of naked women, led by a "nice lady" who claims she has "no idea" what she's talking about. Armed with nothing but a sheet and a pair of girders, he'll have to figure out how to keep the party on track – and save his skin. But The Vagina Monologues has already garnered the attention of Netflix's parent company, Walt Disney. The company purchased the streaming rights of the show, and is sure 2d92ce491b
