Avatar The Last Airbender – Review - The Guardian. Audio & Video. Episode 1 English Subtitle: Avatar: The Last Airbender "The Headband" is a direct sequel to the American animated TV series, Avatar: The Last Airbender. In this episode, Sokka, Katara, and Toph are captured and, following the invention of a headband, they are forced to wear metal hats, the inventions of the Fire Lord Ozai. They are then put on trial for "attempting to overthrow the Fire Lord". The trial begins with Iroh pleading for mercy for the three, and though Ozai was not there, he is able to convince the jury, including his nephew, to allow the trio to live. However, since Sokka was the one who carried the attack on the Fire Nation and Katara stole their raft, they are both sentenced to die by beheading. This causes the three to come to an agreement that they can't be killed, so the trio attempt to break out. They find that the hat prison is as well-guarded as their previous one. Soon after, however, they are attacked by the snow tribe and captured by the young Prince Zuko, who is furious that his father only plans to execute the trio for the Fire Nation's defense. He takes them to his father, who is reluctant to execute them, saying that they did what they had to to protect the earth kingdom. He eventually agrees to save them, but Zuko wants Katara to give him the Avatar's crystal shard that she had taken in the series finale. He also gives a turban to Sokka and a beard to Toph. Zuko then tries to use the "Spirit of the Weeping River" technique on Katara, but she manages to free herself and Sokka, and the three of them escape. Back on the swamp, Toph takes some water for Sokka's exhaustion, but the snow tribe girl accidentally forces her into the flood and destroys her waterbending. In the end, Katara is able to recover Toph's waterbending by herself, and Zuko gives Sokka the shard, deciding that he doesn't

A newer mix of characters follows, including Poopin (Hank Williams), Crave (Nate Salter), and Spartan (Johnny Depp). As well as the interweaving of new characters, from Watto (Finn Van Dyke) to Billy (James McAvoy). But you won't see them in action until a few episodes later. fffad4f19a
