support (DEPRECATED)" depends on X86 default y help This option is deprecated and only provided for compatibility with other ACPI or PCI drivers. New drivers should use IOSF_DEV_PCI instead. config PCI_CADENCE bool "AMD Cadence PCI Bridge support (CONFIG_PCI_CADENCE)" This option enables PCI bridge support for AMD's Cadence bus controller. Such support is required for ACPI 3.0 support f3e1b3768c
