Bohemian Rhapsody (2018) 2017 - 2018, The Ultimate Official Compilation - Part 1 2019 - 2020, 'Mastered in 5.1 Surround Sound', 'The Definitive Collection' See also List of Harry Potter novels References Category:Harry Potter books Category:Fantasy novel series Category:Series of children's books Category:Novels adapted into television programs Category:Novels by J. K. Rowling Category:Harry Potter film series Category:British children's novels Category:2000s children's books Category:Novels first published in serial formQ: Quadratic Formula iphone I want to solve the quadratic equation $x^2+Ax+B=0$ for X in iphone. The values of A and B are available in my program. Can anyone help me with the algorithm? The formula I use is $x = \frac{-B \pm \sqrt{B^2 - 4AC}}{2A}$; I find this code on some site, but it does not work for the negative values of D and A. I got the answer in terms of float or double, but I need integer values. How can I get integer solution of quadratic equation? I am using below code. - (float) evaluateEquation: (float) A value : (float) B value : (float) C value : (float) XSOL value : (float) D value; It also only gives the integer solution of Equation. Is there any way to change that? A: I've written a simple class for that: AEGenerator.h @interface AEGenerator : NSObject 3da54e8ca3
