And it is the fastest way to a good preview. Using an Instagram account, you should be able to do this on your phone. Hi guys, it has been a long time since my last video. So, today I decided to share on Instagram, a collage I took right after I visited Barcelona. As I told in a previous video, I wanted to try the new medium format Fujifilm X30 camera. So, here are two pictures of two hand drawn compositions that I made right after using this camera. For a collage composition, I think Instagram is a good place because you can take pictures from different angles and see the results from both the front and the back. Usually, I prefer more direct compositions, but as I have said in a previous video, the new X30 is really good for drawing and the materials are very fine. Here I made a collage with pictures taken from three different angles. In the first photo, I used the macro setting and it was very interesting to try this with such a big format camera. And the second one, I used the normal mode. On this one, I made the mistake of wearing gloves, so the hand is not visible. But I was surprised by the great 1cdb3666d
